The main features and characteristics of the product	<p>Westfield Flex Health Cash Plan covers all types of flexible benefit scheme, corporate funded (providing a pot of money to spend on flex benefits), salary sacrifice and partial salary sacrifice.</p> <p>The plan has five levels of cover and claim values to select from.</p> <p>Westfield Flex Health Cash Plan provides the customer with twenty different cash benefits and value-added services; ranging from money towards the cost of glasses, dental appointments, or prescription charges, plus access to key wellbeing services; including 24/7 telephone access to a prescribing UK GP.</p> <p>Please refer to benefit table provided below for additional information.</p>
How the product meets the needs of the customer and provides benefits	<p>The Westfield Flex Health Cash Plan provides a wide range of benefits and services to the policyholder (and eligible children), with five levels of cover to select from depending on budget and affordability.</p> <p>The policyholder has access to twenty different benefits and services, consisting of cash reimbursement and third-party wellbeing services. Each benefit or service has been purposely selected to meet the needs of our diverse customer base.</p>

	<p>Benefit table:</p>  <p>Benefit Table 2024.pdf</p>
Is the product considered complex?	<p>A health cash plan is an insurance product provided by an employer or selected by an individual which helps cover the cost of routine medical costs, such as eye tests and dental appointments.</p> <p>Depending on the benefits available within the product they can also include over the phone assistance with things like mental health and financial support, as well as physiotherapy and prescriptions charges.</p> <p>Some of our corporate Health Cash Plan products have fixed cash back and wellbeing benefits included while others have benefits that can be selected by the employer within set criteria to allow for a more bespoke offering in line with their needs.</p> <p>The consumer products have fixed cash back and wellbeing benefits based on our experience within the market.</p> <p>Customers are required to submit their bill and receipt to Westfield Health for any medical expense they have paid for which is covered by the product. Westfield Health will refund a percentage of the cost; the maximum refund is determined by the terms of the policy.</p> <p>The pre- and post-sale documentation is designed to be clear and concise for customers ensuring we don't use jargon. Terms and Conditions are issued to all customers at the start of the plan or when any amendments that impact them are made, these explain the claims process and benefit periods for each benefit. How the services can be used are explained within the documentation.</p> <p>When scheme changes are done, we ensure all customers are brought up to the level of new customers ensuring we do not carry complexity internally and allow us to manage all our customers on the same level. When changes are made, these are communicated to customers. Moreover, we are also actively seeking to rationalise our book of products for simplicity internally and understanding of our offering externally.</p> <p>Given there is no underlying investment and no life cover elements, the individual or employer pays a premium and then the customer is able to claim against cash back elements or access wellbeing benefits we do not consider the product complex.</p>

<p>The risk of harm/customer detriment associated with the product?</p>	<p>There is minimal risk or harm/customer detriment associated with the product.</p> <p>As an organisation we only partner with 'Best in Class' Suppliers who have been selected via rigorous selection processes and full sign off from executive management level.</p> <p>Our contracts all include clear and concise SLAs and duty of care standards expected from our third-party suppliers. We have an internal Procurement team and full time employed third party supplier manager who consistently works and reviews all contracts and service standards from those we partner with.</p> <p>The product Terms and Conditions (T&Cs) also state that any treatment received via a practitioner must be provided by an accredited / professional organisation as standard.</p> <p>Our DoctorLine service is provided by clinically approved advisors and has affiliation with NHS services. The scanning services and EAP operate to their industry standards and work closely with the NHS.</p> <p>To ensure that the customer receives fair value for this product, care must be taken to ensure that no duplicate cover exists or if it does, the implications to proceed on that basis was highlighted to the customer.</p>
<p>How much information about the product is publicly available?</p>	<p>General Health Cash Plan information is available on the Westfield Health website.</p> <p>Specific product information can be provided by our dedicated sales function at request.</p>
<p>Service</p>	
<p>What are the end user product Service Level Agreements (SLAs) and are these being met?</p>	<p>Our current SLAs are outlined below, these are reviewed regularly with a monthly meeting to discuss in greater detail. We meet the set SLA target 98% of the time.</p> <p>Claims: Postal – 4 days Online – 2 days</p> <p>Voice – 60% of calls answered within 40 seconds. This SLA typically results in customers waiting on average around 65 seconds for us to answer their call and we answer approximately 95% of all calls.</p> <p>Emails –98% in 1 day</p> <p>Policies (This relates to all membership applications, company queries and all payments that companies make.) 98% – 4 days.</p>

	<p>In addition to the SLA's, we send surveys out to all our customers who contact us through voice, where we've paid a claim and where we've cancelled a claim to get a Net Promoter Score (NPS)* and Customer Satisfaction score (CSAT) to gather feedback from customers on their interaction with us.</p> <p>The NPS has a target score of 70 and the CSAT has a target score of 4.7 out of 5. The scores are reported monthly and form part of the board pack.</p> <p>Colleagues handling calls do discuss their survey feedback / results each month with their line manager. Should any theme's become apparent that's impacting any of their scores adversely this would be passed on to the quality coach who would arrange for coaching sessions to address any concerns. If required increased call monitoring may take place for a period until any issues have been addressed.</p> <p>The 2024/25 (Apr 24 – Mar 25) scores are below. NPS – 74 CSAT - YTD – 4.9</p> <p><i>*NPS – This is our net promoter score and how likely our customers are to recommend us to others. They have the option to select a score between 0-10. 0-6 are classed as detractors and these deduct points from your NPS score. 7-8 are passives, this doesn't impact your score at all. 9-10 are promoters who add to your NPS score.</i></p> <p><i>CSAT – Is made up of, ease of the process and if an advisor is knowledgeable, friendly & helpful. This score is out of 5.</i></p>

Distribution									
The distribution strategy for this product (does the distribution arrangement mean that customers may be at a greater risk of not receiving fair value from the insurance product?)	<p>Predominantly direct sales to any company who runs a flexible benefits scheme for their employees.</p> <p>The price is fixed, transparent and reviewed at product level and therefore demonstrates fair value for all customers.</p> <p>The premium is inclusive of any commission paid to intermediaries for selling the product.</p> <p>Distributors are remunerated by commission payable by Westfield Health for the sale of Health Cash Plans and PHI contracts. Commission is paid to introducers at the standard 10% rate.</p> <p>Our fair value assessment has factored in the cost of commission, and the clarity of end price paid by the consumer.</p> <p>Westfield Health rely on distributors to inform them if there are any additional fees and charges levied in respect of arranging contracts that are paid by consumers, so that this can be factored into fair value assessments.</p>								
Testing									
What product testing has taken place?	The product is regularly reviewed by a dedicated team internally assessing the performance of the plan.								
What product monitoring occurs?	<p>The product oversight and governance are reviewed on an annual basis.</p> <p>In addition, Propositions and Underwriting & Insight teams review the products performance and shortfalls considering customer needs and manage the third-party suppliers to ensure the product remains competitive in the market.</p> <p>The summary of fair value included a review of the following MI:</p> <ul style="list-style-type: none">• Loss ratio (Including third party usage)• Policy cancellations• Claims acceptance rate								

	<ul style="list-style-type: none"> • Net Promoter Score (NPS) • Customer Satisfaction Score (CSAT) • Number of complaints • Complaints as a percentage of policyholders • Redress inc. Gestures of goodwill payments made. <p>The product has a 91.2% claim acceptance rate which exceeds the set business threshold.</p>
Is remedial action taken if necessary?	<p>Yes. Where any changes in the product or service are required, we ensure these are investigated and prioritised as necessary.</p> <p>Propositions monitor our core competitors, market, customer, and sales insight. In response to this analysis, we review and make changes when required.</p>
Fair Value Findings	
<p>How the product provides fair value to the customer and whether it will continue to do so for a reasonably foreseeable period (including following renewal)</p> <p>We must not market the product or permit the product to be distributed (whether directly or through another person), unless appropriate changes are made so that fair value will be provided</p>	<p>The price is fixed and reviewed at product level using underwriting data and competitor analysis to ensure the product is suitable and meets the customer's needs.</p> <p>The level of cover required can be selected based on the needs of the customer and their budget, offering a range of suitable benefits.</p> <p>The price at renewal is fixed and policyholders can choose to accept the price, transfer to an alternative provider, or cancel the policy.</p> <p>Pricing is benchmarked against the competition ensuring fair value for customers.</p>
Statement	<p>As part of the review, we have assessed the cost of the product to the customer against the benefits available for use including additional wellbeing benefits available to them and the distribution of the product.</p> <p>The fair value measures assessed are all within business appetite and the product is deemed suitable for the intended target market, with no material issues raised in relation to distribution or service.</p> <p>We would like to remind distributors that any fees charged (whether this relates to new business, renewals, mid-term adjustments, or cancellations) should not reduce nor negatively impact the intended product value and</p>

	should always reflect the work and services provided by you for which the fees charged.
